**Description:** The brake booster water shield may have been incorrectly installed during completion of Safety Recall P14 (NHTSA 14V 154). An incorrectly installed brake booster water shield may be less effective in diverting water away from the brake booster, creating the possibility for corrosion and subsequent water intrusion of the brake booster.

Water intrusion of the brake booster in a cold climate may lead to freezing and limit the braking ability of a vehicle. Limited braking ability can cause a vehicle crash without prior warning.

**Remedy:** Inspect brake booster water shield for proper installation. If the brake booster water shield is found to be missing or incorrectly installed, the brake booster must be vacuum tested. Brake boosters that do not pass the vacuum test must be replaced. At the conclusion of this recall the brake booster water shield must be properly installed.

## Glossary

[View Full Glossary](#)

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
