🔍 [Learn more about this recall](#)

Description: Vehicles have been equipped with lower anchor bars for use in attaching child restraint systems which, if specifically used with European-ISOFIX-type rigid-style connector child restraint systems, could become damaged during vehicle operation.

If the lower anchor bar(s) become damaged during vehicle operation, this would increase the risk of injury to a child in a child restraint system attached to the lower anchor bars in a crash.

Remedy: The remedy is available. A reinforcing bracket will be welded to the lower anchor bars and the vehicle body.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
